6 O'CLOCK EDITION

Weather Forecast

Wednesday—Clear; light variable winds becoming moderate southwesterly; warmer. Temperature noon Tuesday, 60.

Extend B.C. Loan

OTTAWA (CP)—A Federal loan of \$2,132,047 to British Columbia, due July 27, has been extended for one year by an order in council today in the Commons by Ralph Mayhew, Parliamentary assistant to Finance Minister Isley.

Given Final Reading

OTTAWA (CP)—Third reading was given in the Commons today to a bill which will establish a five-man board to control atomic energy domestically and carry out internally Canada's international commitments with respect to atomic energy development.

Record Press Box To See Conn, Louis

NEW YORK (AP)—The largest number of newspapermen ever to cover a fight—between 600 and 700—will be in the Yankee Stadium Wednesday night when Joe Louis defends his heavyweight championship against Billy Conn.

B.C. BOX PLANTS TO RESUME AS GOV'T TAKES OVER

J. W. Spencer Dies Suddenly Today

John Williams Spencer, director and secretary-treasurer of David Spencer Ltd., died suddenly this afternoon.

Born in Victoria 70 years ago the late Mr. Spencer was the son of David and Emma (Lazenby) Spencer, pioneer residents of the city. He received his education at Victoria schools and Victoria High School, entering his father's firm on graduation.

Widely known as a businessman throughout Canada the late Mr. Spencer also took an active part in all nine Victory Loans as chairman of the National War Finance Committee for the Island.

He was a director of the B.C. Power Corporation, Excelsior Life Insurance Company and Royal Trust Company. He was a past-president of the Victoria Chamber of Commerce and the Kiwanis Club.

He was a member of the Union Club and the Royal Colwood Golf Club.

LATE J. W. SPENCER

Besides his widow, the former Lillian Watts, he is survived by one daughter, Mylanwy.

Russia Invokes Veto On Spain

NEW YORK (AP)—Soviet Russia today invoked the veto on a resolution backed by a majority of the members of the United Nations Security Council which would have sent the Spanish question to the General Assembly for its action.

It was the first time the veto had been invoked by a big power since the United Nations began operations in the United States and the second veto in Security Council history.

The Council voted 9 to 1 in favor of a compromise resolution which would have asked the General Assembly for a recommendation for a break with Generalissimo Francisco Franco in September or whatever action the Assembly deemed best at the time it considered the case.

The Netherlands abstained. The final count showed nine powers for the compromise plan advanced by Dr. Herbert V. Evatt, Australia.

The chairman, Dr. Francisco Castillo Najera, announced the recommendations were vetoed.

Eggs Needed

OTTAWA (CP)—In an effort to discourage early slaughtering and maintain maximum Canadian egg production, the Prices Board today announced extension from June 30 to July 31 of the period during which hens may sell at the highest price level. Under a previous order the price would have dropped two and a half cents a pound July 1.

\$150,000 'Bite'

Publicity stunt by Hal Roach to boost a recent movie backfired when shapely Beverly Lloyd, posing with four black-widow spiders, claims one of the animals bit her where she sits. Now Beverly is suing Roach for \$150,000.

Red Ensign Favored

The Red Ensign, with a gold maple leaf in place of the traditional coat of arms, and with the Union Jack in the upper left corner, was favored by the Victoria Ex-servicemen's Branch of the Canadian Legion Thursday night as Canada's own flag.

The women veterans sent letters to the district Zone Council of the Legion, R. W. Mayhew, M.P., and Maj. Gen. G. R. Pearkes, V.C., M.P., endorsing this flag in preference to the other finalist as a national flag, a green maple leaf superimposed on red and white triangles.

Report Looting After Windsor's Tragic Tornado

WINDSOR, Ont. (CP)—Here are some of the highlights of the aftermath of Monday night's tornado sweep:

There were two reports of looting: A downtown jewelry store window was broken.

That led another store to set tall lighted tapers at strategic points among its display counters and to station a night watchman close by. A safe containing \$215 was stolen from Cook Brothers' warehouse.

Almost every focus of emergency lighting was pressed into service—candles, old-fashioned oil lanterns, gasoline lamps and kerosenes. They were still in use in downtown stores and offices today.

Brightest spot in the city-wide blackout was the Windsor-Detroit tunnel. It has its own lighting system.

It is not possible to bring power to Windsor from neighboring Detroit. It uses 60-watt current. Windsor has 25-cycle.

Theresa Robillard, 15, said: "I saw it coming over the Detroit River and it looked like a fire, like smoke, but my mother said it wasn't smoke, it was wind, and we went downstairs to close the windows. It was coming fast from the west, black. When we were coming upstairs we looked out the window and saw two neighbors' houses were gone."

Casper Sigris was on a bicycle in front of his home. Afterwards, the bicycle was found some 60 feet away, wrapped into a wire fence. A search was started for Sigris and it was discovered he had already been picked up and taken to a hospital.

Tragedy struck the home of Mr. and Mrs. Nelson Jones. Mrs. Jones and her eight-year-old daughter, Frances, and her 14-year-old son, Harold, are dead. Mr. Jones is in hospital, fighting a losing battle for his life.

Three other sons are in hospital in serious condition. Two members of the family escaped injury. Both were at work.

Reynard Volant Wins Ascot Stakes

ASCOT, Berks, Eng. (CP)—Sir John Jarvis' four-year-old Reynard Volant won the Ascot Stakes Handicap today—feature race on the opening day of the first royal Ascot meeting since 1939.

Star Lover was second by two lengths and Willy, third in a field of 16 competing for £2,600 (11,570) added. The betting price was 8 to 1 against Reynard Volant. The distance was seven furlongs, 155 yds.

The Royal Family—following a tradition established in 1711 when Queen Anne ordered the race course built—arrived in open landaus drawn by Windsor Grey horses and flanked by outriders.

They will attend all of the four-day meeting for this event is known as the "King's Own." Princess Elizabeth and Princess Margaret were also present.

Wednesday Noon Deadline Stated; G. Bell Controller

At least some of Victoria's striking International Woodworkers of America likely will return to work during the next two or three days as the result of appointment today of Gordon Bell of Vancouver as controller of British Columbia's strike-bound box factories.

The appointment was announced in the Commons by Labor Minister Mitchell. The government took control of the plants, idle since May 15, when the International Woodworkers of America (I.O.O.F.L.) called its strike in the British Columbia logging industries, in a move to provide containers for British Columbia's current fruit crop. Work, according to the order-in-council, is to be resumed Wednesday at noon.

E. H. Butler, Victoria manager of Sweeney Coopers Ltd., which has been affected by the strike, said he believed the order-in-council would apply to the plant.

He said it would be necessary to do some dredging before the mill could be put in operation, but that the company had 300,000 feet of logs available and that the mill could be working in two or three days.

James Dalziel, of the Dalziel Box Co. Ltd., said he doubted that the government would take over the full capacity of his plant unless it were to supply boxes to the Okanagan.

Mr. Mitchell told the Commons the order-in-council passed today provided that "the operators of establishment engaged in the operation of a sawmill or wood-working plant, and in particular those normally engaged in the manufacture of wooden containers for use in the harvesting and marketing of fruit and vegetables, or of a logging camp normally engaged in the supply of logs for any such plant, shall re-open the plants for business at noon June 19."

SLOAN CONTINUES

Chief Justice G. M. Sloan of the British Columbia Supreme Court will continue as industrial relations commissioner in an effort to settle the issues in dispute in the loggers' strike.

Mr. Mitchell said the action was a joint decision of the federal and provincial governments and he had wired both the union and the operators asking their full co-operation.

Meanwhile, hope for a quick settlement of the strike was at a low ebb following rejection by the operators of new union proposals.

Premier John Hart said after a cabinet meeting that the provincial government did not want to have a hand in the new referendum procedure proposed by the union. The Premier said the provincial government had advised the union to accept Chief Justice Sloan's recommendations, and stuck by that advice.

The I.W.A. executive council announced Monday night it would recommend immediate return to work on the basis of the Sloan report, providing two conditions were met:

1. The federal or provincial government agree to conduct a referendum vote of the I.W.A. membership on a proposed modified union maintenance clause.
2. The employers agree to accept "the democratic decision of our membership" as expressed in a referendum.

"SETTLES NOTHING"

R. V. Stuart, spokesman for the operators, commented: "The I.W.A. decision settles nothing and merely prolongs the strike which could be so simply terminated by acceptance of the Sloan recommendations."

"The operators have flatly rejected the principle of compulsory union membership."

Lumber Operators, Union Favor Opening Of Box Factories

VANCOUVER (CP)—Lumber operators and union officials in Vancouver today expressed full approval of the action of the federal government in appointing Gordon Bell as controller to re-open and operate British Columbia's strike-bound box factories.

R. V. Stuart, lumber operators' representative, said the employers "will be pleased to co-operate fully with Mr. Bell and the government in any measures necessary to produce as speedily as possible the required containers for the harvesting of the fruit and other food supplies."

Harold Pritchett, B.C. district president of the International Woodworkers of America, said the union welcomes the appointment of a controller.

"We offer our full co-operation in reopening the box factories and getting them into production," he said. "I will recommend that the men return to work immediately without prejudice on the old basis, but that any agreement subsequently reached between the union and the operators must necessarily apply to the box workers."

Mr. Pritchett said the appointment was "in line with our request to the government some time ago that they take over control of these factories."

Recruiting Office
Opened By R.C.A.F.

The Royal Canadian Air Force opened Monday at 411 Post Office Building a recruiting office through which it will conduct an intensive campaign to secure recruits for the most effective air force possible.

The office, in charge of Flt. Lt. D. J. Patterson, will interview and test prospective recruits in the various basic trades and classifications.

The air force is accepting only applicants for ground crew trades at present. Those who pass the preliminary tests here will be sent to Vancouver for medical examination and attestation.

For recruits without previous experience in the service, age limits are 18 to 25 years. Married men are not accepted in this category. Skilled recruits with previous army or navy experience are accepted up to 30 years of age plus the number of years of service in other armed forces, but must be able to complete 10 years or more of service before reaching compulsory retirement age.

The usual minimum educational standard of junior matriculation may be varied in individual cases, according to the recruiting officer.

Flt. Lt. Patterson plans to make visits to outlying districts soon.

Toronto Man Choice
As New 'Y' Secretary

The application of Arnold E. Ramer, acting executive secretary of the Toronto Central Y.M.C.A., has been approved by the directors of the Victoria Y.M.C.A. to take over the secretary's office of the local association.

Ten applications from across Canada for the job were reviewed by the directors. Canadian-born with a university degree, Mr. Ramer has had excellent "Y" training, working in Toronto, London and United States cities. In Y.M.C.A. work he has been boys' work and program secretary and physical director. Mr. Paulding has been in "Y" work for 30 years, 14 as secretary of the local organization.

Petition Rejected

VANCOUVER (CP)—The City Council here Monday night rejected as "unfounded" a petition bearing more than 300 names, along with five letters of protest which had been presented to halt passage of the by-law banning the sale of raw milk in Vancouver. The letters protested the by-law, calling for the city to take a vote of electors first, and the petition "commanded" the council to take a plebiscite before passing the by-law.

Department Seeks To Avert
Danger Of Fruit Crop Loss

Strike conditions have seriously affected the supply of barrels needed for shipment of fruit in sulphur dioxide solution of the United Kingdom, Trade and Industry Minister L. H. Eyres said today.

He added that the Department of Trade and Industry had been making every effort to avert danger either of crop loss or non-fulfillment of overseas contracts. "Five thousand barrels are still required for the United Kingdom commitments," Mr. Eyres said, "which total approximately 3,000 tons of barrels." Assuming the impossibility of further supplies of barrels locally, the department has explored sources of supply in the Pacific North-west states, the central states, and eastern Canada. Two co-operative firms in Ontario have offered deliveries of oak or birch or gum wood barrels.

Gum wood or second-hand

vinegar barrels are unsuitable, the minister said, but oak or birch barrels have been authorized.

"We are not suggesting that the delivery of Ontario barrels is an easy way out for the suppliers," Mr. Eyres commented. "We realize the very difficult position they have been placed in by the fact that the Sweeney Co-operative Ltd., sole local suppliers, have been unable to resume operations."

"However, we do feel that everything possible is being done to meet an emergency situation. All the processors are in direct touch with our trade commissioner, and he in turn is working closely with the Department of Agriculture officials here and in Ottawa, the Special Products Board at Ottawa, the transportation companies, the co-operative companies and all others concerned."

Sawmill Engineers
Seeking Own Union

OTTAWA (CP)—The International Union of Operating Engineers (A.F.L.) today applied to the National Labor Relations Board to have 16 workers employed in British Columbia sawmills recognized as a bargaining unit separate from the International Woodworkers of America (I.W.O.). The board reserved its decision.

Norman S. Dowd, executive secretary of the Canadian Congress of Labor, who appeared for the I.W.O., opposed the application and said that in any event the loggers had tied up the mills in which the men were employed and no immediate action should be taken.

John Wedge of Toronto, appearing for the operating engineers' union, said the question the board had to decide was whether, once an industrial union had been established, members of a craft organization should have the right to withdraw from the bargaining unit.

C. R. Robb Buys
Goldstream Hotel

Enlarged accommodation at the Goldstream Hotel and a restaurant separate from the main structure are planned by C. R. Robb, who announced purchase of the hotel, Monday.

Mr. Robb, former owner of the Park Hotel at Moose Jaw, Sask., said air-conditioning machinery and new refrigeration equipment is being installed. Work on the restaurant would depend entirely on supplies of lumber and other building materials.

Improvements to the grounds at present used by the Trail Riders' Association are also planned.

Wrongly Imprisoned,
Given \$115,000 Balm

ALBANY, N.Y. (AP)—Bertram M. Campbell, who served 40 months in Sing Sing Prison for forgeries later confessed by another man, has been awarded \$115,000 by New York State court of claims for humiliation and loss of liberty and earnings.

GLOBAL
SURVEYBy DEWITT MACKENZIE
Associated Press World Affairs Writer

India's progress towards absolute independence from Britain has taken a turn which is without parallel, and one worth watching.

There we have the strange spectacle of the mother country notifying the warring Indian political factions that if they can't reconcile their differences enough to work together in a provisional government, then she will set up an interim regime arbitrarily. She will start the government going with such Indians as are willing to serve.

In short, if the floodgates won't take to the air on their initiative, they will be shoved out of the nest and made to fly.

What has happened is this: The two major political parties—the All-India Congress, made up largely of Hindus, and the Moslem League—decided after much burning of midnight oil that the British government's new offer of full sovereignty was worthy of provisional trial. Thereupon the Viceroy, Field Marshal Lord Wavell, proposed that the interim government (that is, cabinet) be composed of five representatives from the All-India Congress, five from the Moslem League and four from the smaller sections of India's 400,000,000, including the lowly "untouchables."

This precipitated a fresh deadlock. The Congress followers, who outnumbered the Moslems three to one, weren't willing to concede parity to their rivals, and the Moslems wouldn't take less. And that's where the matter stands as this is written.

There has been no indication any of the Indian leaders have given recognition to the fact that the exact composition of the provisional cabinet really doesn't matter, since the next step would be the selection of a constituent assembly in which there would be proportional representation. This assembly would draw up the constitution for a new federal government.

Anyway, faced by this new stalemate, Lord Wavell and the British government mission issued a statement which served notice that there's going to be a provisional government irrespective of holdouts. I've met Wavell, by the way, and while he is a gentle and friendly sort, he can be most persistent. What effect this edict will have remains to be seen, but hope still burns.

Alternate Chairman

OTTAWA (CP)—Appointment of Clifford A. L. Murchison, formerly of Winnipeg, as alternate chairman of the National War Labor Board was announced today by Labor Minister Mitchell.

Mr. Murchison, formerly secretary of the board, relinquished a legal practice in Winnipeg in 1941 and came to Ottawa to assist the Prices Board legal staff. In 1944 he joined the National War Labor Board staff and organized a review section. He was later appointed enforcement officer and in 1945 assumed the position of secretary.

Jap War Trial
Witness Crosses Up
Allies By Answer

TOKYO (AP)—A Japanese professor, called as a prosecution witness in the international trial of warlord Hideki Tojo and 27 others, gave the "wrong" answers today and upset proceedings.

Expected to testify that Japan's war-makers used the country's schools to whip young men into aggressive fanaticism, Prof. Tokiomi Kaigo declared on the stand that military training originally had only peaceful purposes.

When questioning failed to elicit anticipated answers, assistant prosecutor Valentine Ham-mack asked for permission to impeach the testimony of his own witness. Later he withdrew the request.

Under cross-examination Kaigo testified that military training was increased in 1925 because "After World War I there was great social unrest in Japan" and "we can consider that putting into execution of military training did a great deal to check this tendency."

Kaigo, a professor of educational history at the Imperial University in Tokyo, also said graduate students were required to train only a year and a half whereas nationwide military training was compulsory for two years.

Seamen On Lakes
Await Result Of
Operators' Meeting

TORONTO (CP)—All along the St. Lawrence River and Great Lakes today seamen were awaiting results of a ship-owners' meeting here which might bring the 23-day-old lake shipping strike to an end.

The operators were scheduled to meet to consider federal government proposals for settling the dispute. The Canadian Seamen's Union had already accepted the proposals, put forward last Thursday by the Dominion Labor Department.

Speculation was rife as to whether the government would take over the strike-bound lake vessels if the operators failed to accept the settlement formula: Inauguration of the eight-hour day (four hours on and eight hours off) on lake vessels; rehiring all C.S.U. members employed prior to the strike; determination of a collective bargaining agency by a vote of crew members on all ships without C.S.U. contracts; and a government commissioner to act as conciliator in negotiations for a new contract after the present one expires Aug. 1.

Meanwhile, J. A. (Pat) Sullivan, president of the union, said a strike headquarters in Toronto and regional union headquarters in various Great Lakes ports were filled with union members chafing personal belongings and ready to go back to work. He said they were waiting for the decision of an operators' meeting on the government-sponsored proposals.

For laughter or love... cards for all occasions. The Blue Window Gift Shop, 1607 Douglas.

Lilies—the finest of Miss Preston's Hybrids, Crystal Garden, Friday and Saturday.

Oak Bay Seafrost—The Old Charming Inn. All bedrooms with private baths. Miss Ewing, G 0267.

Oak Bay Playground Committee annual meeting in the Oak Bay Municipal Hall, Wednesday, June 19, at 8 p.m. Parents and friends invited to hear plans for summer activities and to meet supervisors.

Pillow slips? C.C.F. Garden Party, 930 Pemberton, July 10.

Roses—in all their glory at the Crystal Garden, Friday and Saturday.

See Mount Shasta—the new Shasta Daisy, Crystal Garden, Friday and Saturday.

St. Andrew's Presbyterian Church Women's Guild garden party and tea at the home of Mr. and Mrs. Ian Simpson, 1701 Beach Drive (Glen Lyon School) June 28, 3 to 5 p.m.

"The History of Wallace" In view of the interest shown in "Wallace," famous mascot, Wee Andy McGeorge, trainer, is publishing shortly, a booklet containing a detailed history of his adventures. Publication will contain interesting photographs and illustrations.

You will find the latest non-fiction, novels and mysteries at the Marionette Library, 1019 Douglas Street, the library for discriminating readers.

Postpones Decision
On Mute Spy Witnesses

MONTREAL (CP)—Mr. Justice Wilfrid Lacombe today postponed until Thursday his decision in the case of four alleged co-conspirators of Fred Rose whom he declared were in contempt of court when they refused to testify at the Labor-Progressive Member of Parliament's conspiracy trial last week.

Rose, who represents Montreal-Cartier in the Commons, was convicted late Saturday night of conspiring to communicate information to Russia and will be sentenced Thursday.

The ministers agreed to a French proposal establishing the machinery for the settling of war claims by Allied nationals. Under this measure, various three-man claim tribunals would be set up, consisting of one person named by Italy, one by the Allied country concerned and the third by the first two.

Would Deport Reds

WASHINGTON (AP)—Representative Berkeley Bunker (Dem.-Nev.), recommended today that all Communists in the United States be rounded up by the F.B.I. and given a course in Americanism. "Those who do not then renounce Communism," he said, "should be deported."

Indian Charged

SUBURRY (CP)—George Shawanda, 42-year-old Indian, today was formally charged with the murder of his wife, Nora, 33, on a reservation on Manitoulin

'Cut Your Own Wood Now' Is Advice Of Fuel Officer

"Get fuel supplies of any usable kind as early as possible," C. H. Unicome, regional wood fuel officer for B.C. warned Victoria householders today.

Mr. Unicome came to Victoria from his Vancouver office, Monday, to evaluate the city's fuel situation. He described it as pessimistic.

He pointed out that 95 per cent of Victoria's wood fuel consumers relied on millwood. Production of millwood lost now through the lumber strike, he said, could not possibly be recovered as the wood delivered at this time of the year became the dry wood for winter consumption.

"Consumers," he said "should be cautioned to conserve their present wood fuel supplies in order to have some dry wood to mix with the green, fresh-cut millwood when the mills reopen."

Mr. Unicome stressed that the Vancouver Island Joint Labor Conference—Fuel Committee, under C. W. Marshall, was still

Meat Dealers Here To Discuss Policy

Policy to be followed in the face of rising beef costs will be discussed by some 25 retailers, members of the Vancouver Island Retail Meat Dealers' Association, at a meeting at 647, Port Street Thursday night, according to an announcement today by Reginald Williams, president.

"Most dealers had sufficient beef purchased at the old price of 23 cents a pound to last them up to now, so we have not as yet paid the increased price," Mr. Williams said.

Britain Cuts Soap Ration 15 Per Cent

LONDON (CP)—British soap rations were cut 15 per cent today by the Food Ministry, which blamed a shortage of fats and oils.

Chimney sweeps and children under five years of age are exempt. All other domestic users will be allowed five coupons for an eight-week period instead of the present seven coupons. One coupon entitles the holder to three ounces of toilet soap or four ounces of hard soap, six ounces of soft soap or three ounces of soap flakes.

Good news for British housewives came in a simultaneous announcement that an extra pound of sugar would be allowed for summer preserving and an additional pound for making jam. The present sugar ration for ordinary use is half a pound a person weekly.

Crops Boosted

OTTAWA (CP)—Scattered showers and good rains in some districts have helped to maintain the generally satisfactory crop conditions established in the Prairie provinces last week, the Dominion Bureau of Statistics reported this afternoon.

Most Schools Will Have Shift In Pupils As Boundaries Change

Finishing touches to the changing of school boundaries, which will result in the shift of "a considerable number" of pupils from one school to another this September, were made at a meeting of 21 elementary school principals with J. F. K. English, municipal inspector of schools, in the office of the Greater Victoria School Board, this afternoon.

Most schools will experience some shift of population as a result, according to Mr. English. Some schools have too many pupils, others do not have enough, he said, adding that defining the boundaries by which parents and pupils will have to stick, will better the school system.

Some pupils may not wish to go to the school to which they are assigned, but the overall picture has to be considered. "It will utilize to better advantage the school accommodation which is now available," he continued. "Schools which tend to be overcrowded will be relieved."

Unable to say which schools would lose the greatest number of pupils and which would gain, and the exact number of pupils

Gordon Bell May Be Controller Of Box Plants

By NORMAN MACLEOD
Times Staff Correspondent

OTTAWA—A special meeting of the Dominion cabinet is understood to have considered today a recommendation that Gordon Bell of Vancouver should be appointed government controller of the box and 'cooperage' factories of British Columbia.

Labor Minister Humphrey Mitchell is said to have recommended the government should take over the box and cooperage factories, now tied up by the B.C. woodworkers' strike, and that Bell should be appointed to control them in order to provide containers for the west coast small-fruit crop.

The recommendation follows considerable agitation in Parliament on the part of British Columbia members urging the government to take over the plants. Bell has acted as government controller on previous occasions, among them in the American Can Company strike in Vancouver.

British Food Minister Seeks Long Wheat Pact

OTTAWA (CP)—British Food Minister John Strachey arrived today by special plane from London for a one-day "courtesy call" en route to food talks at Washington.

Accompanied by other British food experts, he conferred with Agriculture Minister Gardiner and government officials in the hope of reaching "an important and far-reaching agreement" with Canada which would "go far" in meeting British wheat requirements.

Others in the party are Maurice I. Hutton, head of Britain's Washington Food Mission; Herbert Broadley, deputy secretary in the Ministry of Food, and G. S. Bishop, Mr. Strachey's secretary.

The British Food Minister expects to return to Ottawa next week for further consultations with Canadian authorities and, if agreement has been reached on a wheat contract, to take part in the formal signing.

Four British wheat experts have been in Ottawa since last Saturday working on details of a proposed long-term wheat contract with Agriculture and Trade Department officials.

There has been speculation here the agreement would extend for four to five years.

Budget Next Week

OTTAWA (CP)—Finance Minister Blesley announced this afternoon in the Commons the budget will be brought down either Tuesday or Thursday of next week. The speech will start at 8 p.m., E.D.T.

Fear 3 Killed

TIMMINS, Ont. (CP)—Three men, were believed killed today when a mine locomotive jumped into a shaft, struck a cage 1,200 feet below containing the men and drove it 1,800 feet down the shaft to the bottom of the mine. Names of the men were not revealed.

Still Deadlocked

PARIS (AP)—The conference of Foreign Ministers adjourned in a continued deadlock today after two and one-half hours' discussion of the thorny Italian reparations issue.

About 20 Killed, 100 Injured In 10-Minute Tornado, Windsor

WINDSOR, Ont. (CP)—This western Ontario centre, home of more than 120,000 people, was a paralyzed city today, lightless and powerless, scores of its homes wrecked, perhaps a score of its people dead, and unknown numbers injured.

Through its western areas of Ojibway and Sandwich, Windsor was struck Monday evening with almost atomic suddenness by a tornado that whirled in from the north over the Detroit River, flattened a track through Ojibway and Sandwich, traveled in an arc around the southern outskirts of the city, and vanished over Lake St. Claire.

The whole thing took no more than 10 minutes. Central Windsor itself was not touched. The funnel of atmospheric violence, a pure freak in these northern temperate latitudes, swirled across the river and circled the city. But 13 dead had been identified from Sandwich and Ojibway—as well as a lesser number on the U.S. side in Detroit's River Rouge—more than 100 were under treatment in Windsor's hospitals, and the search for the dead and the injured went on in the rubble of suburban homes.

All Monday night, by the light of emergency bulbs kept going on storage batteries, gasoline lamps and old-fashioned kerosene lanterns, the hospitals of Windsor

Dives Into Cellars Saved Many

Men and women were at supper as it struck Windsor's western outskirts. Some who heard it coming took shelter in their cellars. Many of the killed and injured were caught in the wetter of their collapsing houses.

The twister, which weather officials said traveled more than 250 miles an hour, tore on through the business district of populous River Rouge, leaving a trail of destruction in its wake.

Then it zoomed across the Detroit River, the suction of the tornado creating four huge water-spouts.

The terrifying funnel, estimated variously at from 20 to 100 feet at its base, sucked nearly everything in a 100-yard swath into its final grip.

Sandwich West, Sandwich East

and the outskirts of Windsor were the Canadian communities which recoiled under the full blast of the tornado before it headed for Lake St. Clair, where the weather bureau said it dissipated. Sandwich, formerly a separate municipality, was incorporated along with other towns, into the City of Windsor about 10 years ago.

The weatherman said the tornado ran its course in about 10 minutes. As the yellowish mass disappeared, both Canadian and U.S. residents began to realize the full extent of the disaster.

On both sides of the border, all available police, firemen, ambulances, doctors, nurses and Red Cross workers were pressed into service to bring succor to the stricken areas.

Windsor and Detroit hospitals were hard-pressed to handle seemingly endless streams of injured, many of whom were discharged after first-aid treatment without their names being recorded.

Even as Michigan residents administered to their wounded and sought to find temporary shelter for the homeless, it became apparent Ontario had taken the worst punishment.

Canadian police reported that the Sandwich area, largely a rural community, had been almost completely flattened. Tragic stories were unfolded in quick succession as the bodies of 13 victims were recovered and scores of wounded were rushed to Windsor hospitals, hard hit by loss of electric power.

Stories of pathos and heroism were intermingled. One man told of seeing a boy lifted off his bicycle and into the air as the tornado hit. The smashed bicycle was found; the body of the boy was not.

A Canadian mother—Mrs. Joan Beaman, 49, of Ojibway—was injured as the blast hit her home, gave Caesarian birth to a daughter, but both died.

Donna Marie Fox, daughter of Mr. and Mrs. Raymond Fox, Ojibway, was crushed to death as the tornado ripped apart their home.

Bus drivers turned their vehicles into emergency ambulances to rush victims to hospitals.

Windsor hospital authorities, hard put by the cutting off of electric power, obtained some relief from the Federal Bureau of Investigation in Detroit. Agents sped across the river with portable lighting equipment to alleviate the situation.

Telephone and electric light lines on both sides of the border were particular targets of the tornado. Windsor was without electric light. Power was cut off because of the danger of falling wires.

The New York Central Railroad reported its Windsor freight yards were turned into shambles. Freight cars were tossed about as if by some giant hand. Roofs were torn off freight buildings. Some boxcars were smashed into kindling as the freak wind toyed with them.

Authorities expressed fear that some residents had been pinned in the ruins of their demolished homes and began probing the debris.

The Canadian Press estimated "15 to 25 and probably more" had lost their lives.

On the Detroit side, the dead included two persons killed by contact with live wires and a third who died of a heart attack.

WHY MUST YOU FIND A JOB, MOM?

WHEN a bereaved family is left without income, someone must find the means of paying for food, clothing and shelter. Often this responsibility falls on shoulders quite unfitted to carry it.

Life Insurance is a sure answer to the problem of providing a continuance of income. It enables a breadwinner to provide out of his current earnings for a guaranteed monthly income to replace those earnings in case of need. If he lives long, the same Life Insurance will provide an income for his retiring years.

There is no substitute for Life Insurance for the man who wants security for his loved ones and for himself.

Nothing Easier-Quicker-than JAM and JELLY MAKING with CERTO

You get **50% MORE JAM or JELLY** from your fruit

Certo is a time and work saver because Certo jams need only a one to two-minute full rolling boil... jellies only a half-minute to a minute. The Certo way is the sensible, modern way for a busy housewife.

In this short boil practically no precious fruit juice goes off in steam—You get up to **50% MORE jam or jelly** from the same amount of fruit than by old-fashioned long-boil recipes. What a help that is!

The Certo boil is too short to spoil the fresh fruit taste or dull the natural colour. The delicious fresh taste and lovely colour of the fruit itself are retained.

There's a book of tested, easy-to-follow recipes with every Certo bottle—a different recipe for each fruit. For better jams and jellies follow the recipes exactly and be sure of success.

Certo is fruit pectin—the natural jelling substance in fruit—extracted from fruit in which it is most plentiful.

Look for Book of Tested Recipes under the label of every Certo bottle.

A pound of jam or jelly made with Certo contains no more sugar than a pound made the old, long-boil way.

WORRIED MR. FRITCHETT

JUDGED BY THE LATEST PROPOSAL of the executive council of the International Woodworkers of America, C.I.O.—a government-sponsored vote of the membership on a "modified union maintenance clause"—district president Harold Fritchett evidently is looking for a way out of his immediate dilemma. He and his officials would recommend immediate return to work on the basis of the proposals submitted by Chief Justice Sloan if this condition is met—and if the employers would accept "the democratic decision of our membership" as expressed in a referendum. Of course the operators turned down such a one-way vote without the least hesitation. Moreover, if this is the best the I.W.A. hierarchy can suggest as a means of ending this costly strike, it is small wonder that many intelligent union members are impatient with the leadership they have been getting.

Nor is Mr. Fritchett adding to his prestige by trying to inveigle the provincial Department of Labor into a sympathetic attitude toward his latest proposal. He knows full well that this dispute comes within the jurisdiction of the federal authorities, that Chief Justice Sloan is the appointee of Hon. Humphrey Mitchell, and that the terms of settlement in respect of wages must be approved by the Dominion agency. What the Chief Justice could do of course, is to recommend to Ottawa a government-sponsored referendum on his original proposals—which the operators promptly accepted and which the I.W.A. just as promptly rejected. This is just what Mr. Fritchett hopes to avoid; for he is not so naïve at this late stage as to argue that the show-of-hands vote of the union membership was an accurate reflection of the majority view. Unless we are woefully at sea in our estimate of the temper of thousands of strikers—especially those who are feeling the "pinch" most acutely—another chance to approve the Sloan proposals through the medium of a secret ballot would be seized with alacrity.

It is not for us to speculate upon the I.W.A. executive's species of solicitude for the welfare of its membership in the light of its rejection of the Sloan proposals. These had advocated an increase in wages of 15 cents an hour, a 44-hour week, and a revocable check-off system, for union dues. The workers' refusal of this arrangement has meant for 35,000 employees the loss of more than a month's wages, hardship for their families which increases in its severity as idle day follows idle day, and an effect on the whole economy of British Columbia from which it will not recover for months. In other words, the members of the I.W.A. are not only this much out of pocket by reason of their own actions; they will discover that their personal financial recovery when they go back to work will be considerably retarded because of the widespread dislocation which this prolonged stoppage of production in a basic industry has occasioned. If Mr. Fritchett is wise, if he does not wish to impose further economic hardships on men who are beginning to realize that they have missed a good basis of settlement, he will facilitate their return to work without delay.

END OF CHEAP FOOD

WITHOUT EXPERT KNOWLEDGE OF the developments by which agricultural production may be increased while costs are reduced, the general public will be inclined to accept the forecast of Mr. R. C. Smellie, president of the National Dairy Council of Canada, that "the era of cheap food in Canada is at an end." Speaking the other day to the Ottawa Rotary Club, this authority on the dairy industry mentioned the subsidies by which the increase in price of some commodities has been divided over the entire body of taxpayers. As those subsidies are removed, and as the farmer proves his right to a larger return for his more costly operations, the marked price of essential food stuffs goes up.

This condition discloses in simple form the character of inflation. It emphasizes in particular the manner in which the man in the small income bracket is affected. But there is more to Mr. Smellie's prediction than an illustration of the outcome of a rising price spiral. The situation also reflects the determination of the man on the land to enjoy more of the amenities which modern living offers. To acquire those amenities he must have the money to pay for them. He can secure that only by gaining a greater return from the products of his land. None will deny his right to a higher standard of living. But it would be a happier situation for the consuming public if progress in this basic industry increased his output to an extent where a narrow profit margin yielded greater returns on volume so that he could avoid the necessity of charging more for the amount he now produces. On the other hand, it would be pleasing to the farmer and urban citizen alike to find the commodities they want and need priced at figures which would enhance the value of their purchasing dollars, or at least restore them to the value they held.

UNEASY TRUCE

THE COMMITTEE FOR MARITIME

Unity has served notice that the present settlement of the Maritime strike in the United States is merely a temporary measure until September 30. In the meantime, the committee, under the joint leadership of Joe Curran and Harry Bridges, with seven unions claiming to represent 214,000 members, is levying \$5 per head on the membership to accumulate a strike fund. The implications are that the proposed strike will not be limited to American shipping, which, according to Mr. Bridges, is 80 per cent owned by the government, but will be of an international character with the objective a further pay increase for all seamen on the basis of United States rates. Here, apparently, is a reversion to the Communist strategy followed when Trotsky was Lenin's right-hand man after the First Great War, when Hamburg was the centre of the International Seamen's Union and the Comintern-governed International Communist strategy.

It is noteworthy that at the meeting of the United Nations Economic and Social Council recently, the report of its Committee on Arrangements with non-governmental organizations, was rejected in favor of a proposal by Sidney Hillman, C.I.O. and vice-president of the World Federation of Trade Unions, that the Federation should have the right to attend all public or executive sessions, present its oral or written views to the full membership of the Council, and offer its own proposals for consideration and action. Moreover, Walter Reuther, president of the C.I.O. Auto Workers has requested C.I.O. President Murray of the Steel Workers to arrange for joint political action with the A.F. of L. against President Truman's plans for strike-control and stricter regulations of the unions.

The political pattern or shape of things to come is taking form. The power to paralyze productive enterprise is potent and intoxicating. But paralysis is not progress.

WHEAT AND CHAFF

APPARENTLY THE ANTICS OF THE irrepressible Dr. Frank N. Buchanan—of Oxford Group fame—have caught the attention of the British House of Commons again. This time Mr. Tom Driberg, member of Parliament for Malden, asked the Home Secretary, Mr. Chuter Ede, why the American evangelist was permitted entry with 100 of his followers.

Mr. Ede answered with the statement that "those members of the party who are not British subjects will not be allowed to engage in gainful employment, and have been admitted for two months." Mr. Driberg said he would raise the matter again so "that more light can be thrown on the activities of this soapy racketeer."

One London daily was not satisfied with the Home Secretary's answer—evidently having in mind the domestic food shortage—for it argues editorially:

What this country wants from America is a sack of wheat. What we get is a stale old windbag—Dr. Frank Buchanan. Seven long years have passed since the British people last experienced this gentleman's verbal flatulence. His speeches were very convincing to Dr. Buchanan. But they were obnoxious to the rest of us, and for obvious reasons. Dr. Buchanan... led some foolish young men to put the "cause" of moral re-armament before their plain duty to defend their country against the Nazis. The truth about him is that he speaks in the realm of religion, the former Bushman's achievements in the field of politics. Dr. Buchanan is ringleader of an expensive circus and exponent of the creed that money doesn't matter.

It would be superfluous to add anything to the foregoing, save to say that realistic Britons, any more than realistic Canadians, are not taken in by the founders of escapist religions.

PREACHING AND PRACTISING

IN HIS SPEECH TO THE LABOR PARTY conference at Bournemouth the other day, Prime Minister Attlee reviewed the accomplishments of his government since it achieved office 10 months ago, and said it had passed more bills than any previous administration in a similar period. Most of these measures had as their objective the carrying out of the Socialist platform—in pursuance of the promises made to the electorate. But he emphasized the fact that mere legislation was not sufficient. It was merely the formula by which the government believed better conditions for everybody could be reached. To put this legislation into practice was quite different, and would need the constant attention and hard work of those who believed in the attainment of the desired objective.

Mr. Attlee has constantly pointed out that the Labor government in Britain is engaged in a great experiment. It is trying to discover the halfway house between state control and free enterprise. The objective is to increase the total income by planning and thus achieve a better distribution. But to increase the total income entails greater production of goods, not only for domestic but for export distribution. The entire scheme for the nationalization of the coal mines, for instance, is to obtain greater production at a cheaper cost in order to regain the lost export market. The government can finance and carry out the form of nationalization it conceives to be most efficient; but without the will of the producers to work to the plan, the objective cannot be reached. And coal production in Great Britain, incidentally, is decreasing instead of increasing. Mr. Attlee discriminates very clearly in his review of his government's achievements between the will to legislate and the will to produce for the practical end in view.

The age of discretion is the one when you learn not to give a darn about your weight so long as you feel good.

Operation U.N.O.

By WILLIAM P. MANGOLD
Condensed From The New Republic

The improbable minutes of a meeting of the United Nations Security Council in February, 1956, assuming that it is still a going concern and still following the precedents and procedures established during its first 40-odd meetings.)

PRESIDENT: I call the 599th meeting of the Security Council to order. The item on the agenda for today is the Iranian question. The Australian delegate calls our attention to a BBC television broadcast from Iran last night in which he saw a bearded gentleman slinking down a dark alley in Teheran. He suggests that the Council appoint a commission to determine whether this was really a gentleman with a beard or a Russian in disguise.

(At this point, the delegate of the Soviet Union sneezed and, raising his hand, was recognized by the President of the Council.) Soviet Union: I should like to request the President to ask the sergeant-at-arms to close the transom over the east entrance of the Council chamber. I feel a cold draft on my back.

President: If there is no objection, the request of the Soviet delegate will be granted. Are there any objections?

UNITED STATES: My government has not had adequate opportunity to give this unexpected request of the Soviet delegate the careful study it deserves. Accordingly, I regret to say that I am unable to agree to it at this time. Unfortunately, this particular request raises the gravest questions of principle and procedure.

For example, this Council cannot ignore the fact that the request to have the transom closed is strictly—and I emphasize strictly—unilateral in nature. If we permit such unilateral action, what becomes of the United Nations? Especially the smaller ones?

(At this point, the delegate of the Soviet Union sneezed again, in Russian.)

United States (turning to confer with the State Department's Russian expert): What did he say?

UNITED KINGDOM: Mr. President, in the first place, I wish, if I may, to say that I endorse entirely what the representative of the United States has said. We have never before had a request to have the transom closed, such as the Soviet delegate confronts us with this afternoon, and I do not think we should accede to it without first giving it the most careful study and consideration. I think, therefore, we should be acting more wisely if we were to keep this matter on the agenda until some day in June or July, when the weather may have improved.

Poland: I feel obliged at this point, Mr. President, to observe on behalf of my government that I too, feel a draft.

It is, therefore the opinion of the Polish delegation that the Soviet delegate is quite within the provisions of the Charter in asking that the transom be closed.

AUSTRALIA: Mr. President, the question before this Council is whether the transom shall be closed for the reasons advanced by the Soviet delegate. Examining those reasons, it seems to me that the situation has not yet reached that stage of maturity in which the Council could consider agreeing to the Soviet proposal. We have, I submit, no real information on this situation. I suggest that the Council appoint a committee of inquiry with instructions to return no later than a week from now with its official finding.

Soviet Union: I must say that I fail to understand why the members of the Council are not able to consent to the fully justified request that I have put forward in the name of my government.

Since the Council is unwilling to grant this entirely reasonable and logical request, I am now compelled to state that I am unable to stay longer in the Council chamber.

(At the end of the interpretation, the delegate of the Soviet Union and his advisers left the chamber. The Polish delegate remained seated, however, merely turning up his coat collar.

AFTER a brief absence, the Soviet delegation returned, having had a brisk walk around Hunter College campus. On taking his seat at the Council table, the Soviet delegate raised his hand and was recognized by the President.)

Soviet Union: Since our earlier discussion, Mr. President, the situation has changed completely. The sun was pleasantly warm outside, and I no longer feel the draft. It is clear that these circumstances render useless and senseless any further discussion of the matter by the Council. Therefore, I should like to withdraw my request to have the transom closed.

United States: The United States is naturally pleased to learn that the Soviet delegate no longer feels the draft. However I must point out that once a situation is on the agenda, it must remain there until the Council itself disposes of it.

United Kingdom: It seems clear to me, if I may say so, that the Soviet delegate has reversed himself. In the light of that significant fact, my government feels that the Council would be failing in its duty if it took no further interest in the matter. It is still my hope that it will be kept on the agenda until summer, when, as I have said, it may well have become moot.

SOVIET UNION: During the discussion, I have entertained some doubt as to whether, behind the statements of some of the delegates, there was a real desire to see a peaceful solution to this matter. At the very moment when the reality situation shows there is no draft, certain representatives insist on making a maximum fuss about the matter.

Poland: I still feel a draft. Maybe it comes from the west.

Chemainus Fishermen Fined \$100 For Taking Saw Logs

Gavin Henderson, Charles Lumley and John Lumley, Chemainus fishermen, were each fined \$100 or in default three months at hard labor when they were found guilty by Judge H. H. Shandley, Monday, of unlawfully taking drifting saw logs in Stuart Channel.

Witnesses from Victoria Lumber Co. Ltd. at Chemainus, owners of the logs, valued them at between \$300 and \$500.

E. V. Finland prosecuted and told the court the three accused had taken the saw logs to Newton Graham, who had agreed to purchase them for \$150, but did not actually hand over the money.

John Stanton, defence counsel, contended there was no fraudulent intent on the part of the three men. He said they had pulled the logs off Tent and Kuper Island and taken them to Graham at Montague Harbor as salvage.

Sees Better Future For British Guiana

Britain's colonial development and welfare plan opens the way to British Guiana for a more prosperous future than it had before the war, according to H. L. Talbot, vice-president of the Georgetown Chamber of Commerce and general manager of the Demerara Electrical Co. Ltd., who, with Mrs. Talbot, is spending an extended holiday on Vancouver Island.

Already, Mr. Talbot said, the great potentialities of British Guiana's hydro-electric power are being surveyed and study is being given to the uses to which power may be put. He believed greater utilization of the country's hydro-electric power would open the way to extensive manufacture of cement, glass, porcelain and lumber products.

Normally, British Guiana's major export is sugar. Lumber and gold are also two paying exports. During the war, however, shipping was not available for British Guiana's sugar, and huge quantities of it wasted on docks.

Mr. Talbot lived for some time in Oregon before joining the International Power Co. of Montreal. He served with the company in Mexico, Puerto Rico and Bolivia before going to British Guiana in 1937.

On their present trip Mr. and Mrs. Talbot entered North America by way of Panama, flying to Los Angeles and then traveling on up here. Mr. Talbot said he had been asked by many people in British Guiana to tell them about his visit here as they, too, were interested in making the trip.

Brentwood College Holds Reunion

A reunion dinner of former members of Brentwood College, past, present and future members of the staff and Old Boys, representing nearly every year since the foundation of the College in 1923, was held in the Union Club.

First general meeting since 1942 was held and Ross Hanbury was elected president and E. J. Symons, secretary-treasurer. A. C. Privett, headmaster, gave a resume of College activities.

A motion was unanimously carried that the Old Brentwoodians favored the erection of a war memorial to the 24 Old Boys who had given their lives during the war. The most favored suggestion was that it should take the form of an auditorium to which hobby club rooms would be added. The matter was left for final settlement in the hands of a committee. Any and all Old Brentwoodians interested in the project are asked to correspond with the secretary at the College.

Hole-In-One Gyo Classic July 3 To 6

More than \$800 has been collected for the hole-in-one contest to be staged on the grounds of Central Junior High School in aid of the Queen Alexandra Solarium July 3 to 6, it was learned at the Gyo Club luncheon Monday.

Granted Diplomas

Four Vancouver Island students were named today in the past list of the Provincial Normal School, Vancouver, which closed June 14.

They are Sheelagh M. Corfield, Courtenay; Clara H. Cullum, Ladysmith; John C. Jenkins, Parksville; and Frank N. Sutton, Cumberland.

Diplomas were granted to 185 of the 197 full-course students attending the Normal School session. Ten received "distinction" standing.

NOW! TO BRIGHTEN YOUR TEETH: PEPSODENT'S 7-DAY MIRACLE OF DENTAL WHITENESS

No other tooth powder but Pepsodent will give your teeth the whiteness that comes from this dental cleanliness.

How white—how bright—how film-free your teeth are after a dentist cleans them! That's real dental whiteness, and he relies on powder.

You see, unless dull, dingy film is removed, it hardens—darkens—turns into harmful, ugly tartar. And Pepsodent Tooth Powder with Irium is especially made to remove that trouble-causing film—gently, but thoroughly.

Pepsodent Tooth Powder even tastes cleaner, brighter! So change to Pepsodent Tooth Powder and enjoy dental whiteness for your teeth. You can see the difference in your teeth in just one week.

THE DIFFERENCE IS IRIUM AND PEPSODENT IS THE ONLY TOOTH POWDER CONTAINING IRIUM

HUNGRY for Cotton

WAR ate up a lot of cotton—in military clothing, tents, tarpaulins, a thousand war uses—millions of yards of fabric, millions of pounds of yarn.

And, of course, war needs had to be served first.

Now that the war is over, it's the civilian market that's hungry for cotton—cotton for sheets and shirts, for dresses and underwear and for dozens of industrial uses.

The gap between supply and demand is world-wide. In Canada, though our mills are doing their utmost, it will take months for the cotton industry to catch up.

WE shall continue to distribute our production on a quota basis, playing no favorites.

Plan Sending Food To Britain

Five hundred names of families in Great Britain who would be comforted by the receipt of a food parcel from Canada have been received by Municipal Chapter, I.O.D.E., it was announced at Monday's meeting at headquarters.

The names were sent from London following a suggestion made by the Dowager Marchioness of Reading on her trip to Victoria. A plan has been formulated to complete the sending of these parcels by the postwar service conveners of local I.O.D.E. chapters, under the direction of Mrs. F. E. Dowdall, postwar service convener of Municipal Chapter. Each chapter will be requested to be responsible for a number of names and food parcels have been suggested as a method of receiving donations.

Donations from persons outside the order will be welcomed and cartons for this purpose will be placed in various city stores.

Mrs. A. H. C. Phipps presided and arrangements were made for a reception to welcome Lady Alexander to be held July 19 at 3:30 at the Empress Hotel. Announcement was made of the mammoth bazaar to be held November 5 in the Crystal Garden. Mrs. Dowdall reported 176 garments sent to Provincial Chapter at a value of \$146.80.

Victorian Principal In Toronto Wedding

The marriage was solemnized June 7 at Bishop Strachan School Chapel, Toronto, of Nancy Elizabeth, daughter of Daniel Webster Lang, K.C., and Mrs. Lang of Toronto, and Capt. Montague Lawrence Tyrwhitt-Drake, son of Mr. and Mrs. B. H. Tyrwhitt-Drake, Victoria.

The ceremony was performed by Rev. H. Bedford Jones, assisted by Rev. George C. Pidgeon. Leslie Bott was at the organ.

Given away by her father, the bride chose a picture gown of petal-white, shadowed organza fashioned with tightly moulded basque and bouffant skirt. Her floor-length veil was caught to the head with a chaplet of valley lily and she carried a colonial nosegay of white roses and swansons.

Miss Judy Hope attended the bride, wearing a frock of petunia pink brocade. She carried pink larkspur and the same flowers trimmed the brim of her pink halo hat. Patrick "Paddy" Stoker, Montreal, was best man and ushers were Dan Lang, brother of the bride; Terry King, Stuart Parker and Don Dunford, Montreal.

At the reception, Mrs. Lang and Mrs. B. H. Tyrwhitt-Drake of Victoria, assisted the young couple. In receiving. After a honeymoon in Montreal and Shawinigan Lake, Capt. and Mrs. Tyrwhitt-Drake will be the guests of the former's parents in Victoria, for the present.

Primer for Brides—Immediately after invitations to a wedding have been sent, gifts usually start pouring in. If the wedding is a large one, the gifts will arrive in great numbers and the bride-to-be must allow time before the wedding to thank each donor through means of a written note. Verbal or telephone messages will not suffice in connection with wedding gifts.

Victoria Music Teachers Association, Wednesday morning at 10:15, Y.W.C.A. Speaker, Hon. Mark Kerley. Knox Goodfellowship Club, Thursday, at 8, at home of Mrs. R. D. Patterson, 1280 Balmoral Road.

Mr. and Mrs. Lawrence Sheehy of Los Angeles, with their three children, motored up from California and are the guests of Mrs. Sheehy's parents, Mr. and Mrs. C. Penzer, 2631 Cayendish Avenue.

This evening naval medical officers and nursing sisters will entertain at a cocktail party in the wardroom of H.M.C.S. Naden, in honor of Surgeon-Capt. A. McCullum, R.C.N., and Surgeon-Cmdr. G. W. Chapman, R.C.N.

Miss Nina Ferguson, June bride-elect, was honored when Miss E. Kay, entertained at her home 1418 Myrtle Street, with a miscellaneous shower. Those present were: Mesdames R. Ferguson, A. Shaw, S. Carson, T. Carson, F. White, Wallace, Henderson, F. Diment, C. Dove, J. Browning, C. Webb, T. Kay, Misses Betty Johnson, Lia Knowlton, Muriel Campbell, Jean Drysdale, Mary Scott, Doris Brownhill, Nellie Cannon, Kathleen Carter, and Molly Edgar.

Reunited After Seven-Year Separation O.E.S. Chapters In Session Today

Mrs. H. P. Swan, who recently returned from a seven-year sojourn in England, was reunited with her elder son, Rev. Peter J. Swan, at Toronto, where he has been lecturing in St. Michael's College, University of Toronto. They are now spending a holiday with Mrs. Swan's parents, Mr. and Mrs. A. E. Green at Duncan.

Going to England with her husband Dr. H. P. Swan just before the war, Mrs. Swan was "in the flight" right from the beginning.

When the Rt. Hon. Vincent Massey, organized the Beaver Club to entertain Canadian servicemen, Mrs. Swan volunteered for service.

"From then on it was a seven-day-a-week and an 8 to 10 hour a day job," she says.

As Canadian troops poured into England the Beaver Club served as many as 15,000 men in a day.

The men were allowed to spend the day at the club and could bring their friends there in the evening. Members of other allied services were welcomed as guests in the evening as were members of the women's services.

None of them stayed overnight for it was soon apparent that the Beaver Club, situated at Admiralty Arch was too vulnerable.

"We were hit twice with high explosives," Mrs. Swan says quietly, "and we were showered many times with incendiary bombs. Once we were three days without light and water. But we never closed. We kept going right through the war."

Mrs. Swan acted as supervisor of voluntary staff, director of food service and chairman of entertainment at the club.

"There was a voluntary staff of nearly 900 people working at the club throughout the war. Of these 90 per cent were British women and of the other 10 per cent Mrs. Swan is very proud of the fact that the majority were from British Columbia including Miss Lottie Bowron, Mrs. Humble-Birkett, Mrs. Kitty Blandy, Mrs. Mortimer-Appleby and Mrs. Angus Cameron.

As well as working at the Beaver Club, Mrs. Swan found time to keep in close touch with the national headquarters of the C.W.L. in London and has been asked to act as liaison between the two countries for the league.

Dr. Swan who joined the British services at the time of Dunkerque is still with the English Military Control Commission in Germany. He hopes to join his wife at Duncan before the end of the year. Another son, Conrad is attached to the Madras Regiment in India.

A miscellaneous shower in honor of Mrs. Gordon Hill, nee Eva Allen, was held recently at the home of Mrs. Marie Kinley, 2275 Wakefield Road when the hostesses were Misses Peggy McCoy, Marion Holt and Mrs. Kinley. Invited guests were Mesdames Allen Lea, Morry Walker, J. J. McCreadie, Harkness, Misses M. Davis, M. Watson, O. Wanstall, G. McKay, M. Miller, and Peggy Cullen.

Miss Doris Powell, younger daughter of Mr. and Mrs. W. B. Powell, Duncan, will leave Thursday for Victoria, to fly from here to England by T.C.A. Her destination is Birmingham, England, where her marriage to Mr. Frank Irwin will take place. Mr. Irwin was with the R.A.F. and was stationed at Patricia Bay for three years, going overseas two years ago.

Mrs. J. Wicken entertained Monday evening at the home of her mother, Mrs. J. Armstrong, 448 Quebec Street, with a miscellaneous shower to honor Miss Maisie Speck, whose marriage will take place this month. The guests included Mesdames R. Speck, J. Baxter, J. Leeming, T. Southern, E. McLagen, W. Kenyon, R. Jackson, G. MacDonald, G. Jennings, R. Haslett, J. Armstrong, Misses Joan Duncan, Elizabeth McLagen, Beryl Speck, Doreen King, Muriel Stuckey, Jessie MacDowall, and Margaret Sedgely.

Mrs. T. Alexander and Mrs. F. G. Palmer were joint hostesses at the latter's home, 3200 Shelbourne Street, Monday evening with a miscellaneous shower to honor Miss Edna Watkins, June bride-elect. Miss Janet Alexander presented the gifts to the guest of honor, and assisting the hostesses in serving were Mrs. H. Beveridge, Mrs. G. Palmer and Miss Joan Palmer. Others present were: Mesdames A. Watkins, E. Matthews, Graham, W. Davey, A. Alexander, Stevens, A. Heathcote, W. Payne, H. Getson, D. Randall, G. Palmer, S. Matthews, J. Buchanan, L. de Costa, R. Mezger, H. Scott, J. Grant, U. W. Holman, W. Murray, J. Townsend, H. Baker, P. Davey, B. Watkins and Misses C. Murray and B. Townsend.

O.E.S. Chapters In Session Today

Formal opening of the 35th Jewel Session of the Grand Chapter of British Columbia, Order of the Eastern Star was held this morning. Call to order was given at 9:30 by Mrs. Beatrice A. Sabin, P.W.G.M., and Frank A. Francis, P.W.G.P.

Mrs. Grace H. Shane, worthy grand matron, presided, assisted by A. C. Carter, worthy grand patron and Mrs. Hazel Freeze, grand secretary.

Business sessions were held throughout the morning and afternoon with a short memorial service arranged by Mrs. Estelle Robinson, P.W.G.M. This evening demonstration of ritual work will be given by Victoria chapters.

Registration of approximately 500 delegates and 200 members occupied all Monday. Also registered were many visiting members from Oklahoma, Oregon, Ohio, Washington and other parts of Canada.

Monday evening was marked by an informal opening, with call to order given by Mrs. Katherine Irwin, P.W.G.M., and W. C. Taylor, P.W.G.P., and a procession of grand officers, grand representatives, worthy matrons and patrons, pages and ushers.

Following presentation of the Bible by Mrs. Grace DeWolfe, grand chaplain, and invocation by Rev. T. Menzies, presentation of the Union Jack was made by Mrs. Vera Tinker, grand marshal, and a tribute to the flag given by E. V. Bell, associate grand patron. Presentation of the American flag was made by P. Nicholas, P.P., Bellingham, Wash., and tribute paid by Mrs. Frances Barker of Washington.

Mayor Percy E. George brought greetings from the city and Mrs. Irene Hole, worthy matron, Victoria Chapter No. 17, gave the address of welcome on behalf of Victoria hostess chapters, responded to by Mrs. Audrey Marr, associate grand matron.

Presentation of distinguished guests included a welcome to charter members of the first grand chapter, July 23, 1912.

Social gatherings on the three-day program include a grand officers breakfast, a grand representatives luncheon, a worthy matrons' patrons' associate matrons and patrons luncheon and a past grand dinner in the Princess Charlotte room today. A foster secretary association luncheon and a no-host dinner were held in the Duke of Kent room Monday and a no-host dinner for grand officers of 1945-46 and 1946-47 has been arranged for Wednesday night.

Hostess chapters include Queen City No. 5 and Victoria No. 17, Victoria; Ruth No. 22, Saanichton; Esquimalt No. 41 and Oak Bay No. 42.

Sessions will continue all day Wednesday.

Winnipeg Girl Weds Victoria Navy Man

Saturday, June 15 at 2:30 a wedding ceremony was performed by Dr. Hugh McLeod in First United Church which united in marriage Kathleen, daughter of Mrs. Stewart and the late James Stewart of Winnipeg, and Lieut. Alexander M. Cupples, R.C.N., son of Mr. and Mrs. W. S. Cupples, 2833 Dufferin Avenue, Victoria.

The bride, who has been home economics teacher at St. Margaret's School for the past year, was given in marriage by Roy Denny. She wore a powder blue suit, white straw hat and white accessories. Her only attendant, Mrs. Roy Denny, chose a grey suit and accessories. Gardenia corsage bouquets completed both ensembles.

Brodie Cupples acted as his brother's groomsman. After the ceremony a reception for immediate relatives and close friends was held at the Dufferin Avenue home of the bridegroom. The honeymoon will be spent up island. For travelling Mrs. Cupples donned a camel-hair topcoat over her wedding ensemble.

Club Calendar

Langford Community Club, Thursday, 8, Canadian Legion Hall, Island Highway. Refreshments will be served. Canadian Daughters' League, Assembly No. 5, Thursday, home of Mrs. N. Craig, 766 Kings Road. Zelotes Club, Thursday, club rooms, 301 Union Building.

Ladies' Guild, St. Martin's in the Field, garden party, vicarage, 3009 Colquhoun Avenue, Wednesday, 3.

Two Sisters From the South!

A young lady visitor to Victoria bought a fur coat from Foster's. On her arrival back in Los Angeles she wrote:

"... it is a very beautiful coat and I couldn't be more satisfied. The lining is very lovely..."

A month later, her sister came all the way from America's Third Largest City straight to Foster's and bought another beautiful fur coat. What wise and discerning sisters.

Engagements
Announcements to appear under this heading will be accepted at the Times Advertising Department. Minimum charge \$1.00 for 10 lines, and 10¢ for each additional line.
Mrs. Ethel M. Turner of Rossland, B.C., announces the engagement of her elder daughter, Helen Agnes, to James Douglas Howell, younger son of Mr. and Mrs. R. P. Howell, 1360 Lang Street, Victoria, B.C. The wedding will take place July 17, in St. George's Anglican Church, Rossland, B.C.

Mr. and Mrs. A. H. Hancock of Luxton wish to announce the engagement of their second daughter, Alberta Clarice, to Lance Bombardier James E. Harris, eldest son of Mr. and Mrs. Ray A. Harris, 2745 Quadra St. The wedding will take place on June 29, at 8 p.m., in Metropolitan United Church.

Ration Coupons
Ration coupons valid Tuesday are: Butter, Nos. R1 to R11; meat, Nos. M29 to M41, and sugar, Nos. S1 to S14.

A DEODORANT OF DOUBLE ACTION
Brodie Cupples acted as his brother's groomsman. After the ceremony a reception for immediate relatives and close friends was held at the Dufferin Avenue home of the bridegroom. The honeymoon will be spent up island. For travelling Mrs. Cupples donned a camel-hair topcoat over her wedding ensemble.

ADVERTISE IN THE TIMES

"Ready to give up..."

because I forgot one simple fact!"

"SORRY, sir... not a room! A desk clerk's job is certainly no picnic, these days... and when you feel dull and headache as I did, it's really grim!"

"Then Kellogg's 30-day test showed me what a difference one simple change of diet could make. At work or play I really enjoy myself now! And Kellogg's Bran Flakes are really delicious too!"

Make this 30-DAY TEST

1. If you're really ill see your doctor! But if you just feel dull and headache, you may only be suffering from incomplete elimination. Especially if you're over 35. Here's how one simple change of diet can help you keep fit:

2. Start right now to eat Kellogg's Bran Flakes every morning. No harsh doses... just keep at the natural way! Get more of the "bulk" your system needs by eating delicious, gently-laxative Kellogg's Bran Flakes With Other Parts Of Wheat.

3. Just thirty days should prove to you how grand it is to feel alert, to have the energy for all the extra things you'd like to do. You'll want to go on keeping fit the Kellogg way!

Keep fit with Kellogg's every day in the year!

3 to 1 say Kellogg's are favourite. In a recent survey, 3 times as many housewives voted "Kellogg's" their favourite Bran Flakes as named any other brand. Look for the golden-yellow package—try the new, large THIRTY DAY

Personals

Mrs. B. G. Fredrikson and her granddaughter, Miss Betty Condon, from Saskatoon, also Mrs. Herbert Fredrikson from Dundurn, Sask., are visiting Mr. and Mrs. J. E. Braithwaite, Island Highway, Langford.

Accompanied by her young daughter, Anne, Mrs. Guy Waddington of Bartlesville, Oklahoma, is spending the summer months with her mother, Mrs. C. A. Tervo, 2950 Poul Bay Road, Dr. Waddington, formerly of Victoria, and now with the U.S. Bureau of Mines, will join his family here for the month of August.

Surgeon-Comdr. and Mrs. H. R. Rutman, 1238 St. Patrick Street, will entertain at a dinner party Wednesday evening in honor of their guests, Surgeon-Capt. A. McCallum, O.B.E., Ottawa, Medical Director General of the R.C.N., and Surgeon-Comdr. G. W. Chapman, R.C.N., Halifax, command medical officer, Atlantic coast. The visitors attended the Canadian Medical Convention in Banff and are here to inspect the naval medical hospital and other naval medical installations on the Pacific coast.

Annexes To Be Part Of Main School Unit

Where schools are regarded as annexes of main schools, teachers-in-charge are to be directly under the principal and divisions of such schools or annexes are to be numbered as part of the complete organization, the Greater Victoria board of school trustees agreed at its meeting Monday night.

Such schools are as follows: Bank Street as an annex of Margaret Jenkins, Beacon Hill as an annex of South Park, Kingston Street as an annex of South Park, Quadra Primary as an annex of North Ward, and Spring Ridge as an annex of George Jay.

Upon recommendation of the education committee the board decided where small schools are too isolated to be attached to other schools, teachers in charge shall have supervisory powers but shall not rank as principals. The following schools are in this category: Gordon Head, Craigflower and Strawberry Vale.

Other recommendations of the education committee which were adopted included: Retention of G. Bower, music teacher at Oak Bay schools, and H. J. Bigsby music supervisor in Saanich and Esquimalt schools, for the next school year; employment of J. Morrison in his present capacity as teacher or supervisor of physical education for the next school year; transfer of A. D. W. Jones, now on staff at Victoria High School to the elementary school staff.

R. P. E. Hammond, Victoria High, was granted a car allowance of \$15, for expense in collection of biology specimens. Monthly budget of \$45 was increased to \$60 for the Visual Instruction Department at Victoria High. Final payment of \$375 for army cadet uniforms at Oak Bay High, will be made.

R. M. Lochhead, chairman of public relations committee, told the meeting the committee had prepared a circular called Education News, which is to be distributed to the homes in the Greater Victoria school district through the medium of the schools.

Playground equipment requested by Margaret Jenkins School P.T.A. will be built in the school board workshop and the offer of \$100 by the P.T.A. toward the cost of construction will be accepted.

Navy Will Seek More Medical Men

The Royal Canadian Navy will be seeking about 26 doctors between now and September, 1947, to bring to 38 the total of naval medical men who will take care of the peacetime force of 10,000, Surg-Capt. A. McCallum, O.B., V.D., medical director-general of the navy, said Monday.

He added that he believed many former naval medical officers were contemplating rejoining the navy. Dr. McCallum, accompanied by Surg-Comdr. G. W. Chapman, command medical officer, Atlantic Coast, visited Victoria to inspect naval units here which are under the command of Surg-

Comdr. H. R. Rutman, command medical officer, Pacific Coast. The medical director-general said the navy had 406 medical men in uniform on VJ-Day.

Masons Gather Here For Annual Meeting

More than 200 delegates from points throughout B.C. registered this morning for the annual meeting of the Grand Chapter of Royal Arch Masons of B.C. at the Masonic Temple, 1700 Douglas Street.

General business was discussed through the day and the election of officers is slated for late this afternoon. Principle officer is F. A. Willis, Z., Victoria. Other officers of the chapter attending the meeting include D. A. Stewart, Grand Treasurer, and George Hugh Mackay, Grand Scribe E., both of Vancouver.

To Entertain For French Speaker

Children of France Society will give a reception in honor of Lieut. Francois de Roussy de Sales in the drawing room at Prince Robert House, Saturday at 8.15.

Under the auspices of the French Ministry of Foreign Affairs, Lieut. Roussy de Sales is on a lecture tour of Canada and the United States. He will speak here on "France Since Liberation" and "Study on the Youth of France."

A nephew of Maj. Gen. Vanier, Canadian ambassador to France, the 21-year-old speaker was decorated for bravery by the French and American governments for his resistance work during studies at the University of Strasbourg.

Savage Dog Killed

KETTLEWELL, Yorkshire, Eng. (CP)—The career of a savage dog which had killed at least 118 sheep since May 31 was ended late Monday night when it was shot near the Carberry railway bridge in northwest Yorkshire.

Life Of Wilson In Technicolor

Henry King, top film director and maker of such sensational successes as "Alexander's Ragtime Band," "Jesse James" and "The Song of Bernadette," scored his greatest triumph with Darryl F. Zanuck's technicolor production, "Wilson," currently being shown for the first time at the Dominion Theatre.

For the first time in her film career, Joan Bennett attains a ripe old age. She ages 40 years in "Twin Beds," the farce comedy at the Atlas Theatre.

OAK BAY AND PLAZA THEATRES

In the Universal release, "The Seventh Veil," which is now at the Oak Bay and Plaza Theatres, it was necessary to secure a painting of the heroine, Ann Todd.

Producer Sydney Box commissioned Frank Salisbury, R.A., and his work will be seen in the film in the form of a beautiful study of Miss Todd.

CAPITO THEATRE

"Sentimental Journey," which stars John Payne, Maureen O'Hara and William Bendix, and features brilliant little Connie Marshall, is a heart-warming story currently at the Capitol Theatre.

RIO THEATRE

When "Voice In The Wind" stirring romantic drama now playing at the Rio Theatre through United Artists release, was in production, Sigrid Gurie, feminine star of the film, had the kind of experience of which all actors dream.

YORK THEATRE

"Raffles," which Samuel Goldwyn recently produced with David Niven and Olivia de Havilland, comes tomorrow to the York Theatre, with a midnight showing tonight. This production is entirely new, from the script by John Van Druten.

Mothercraft Classes Continue In Summer

At the last board meeting of the season, it was announced that the Victorian Order of Nurses mothercraft classes held Mondays at the Y.W.C.A. would be continued throughout the summer months. A tentative date for the annual V.O.N. rummage sale was fixed as Oct. 5, with Mrs. E. Mallek as convener. It was decided to add a fresh produce and flower stall this year. An increasing number of chronic and cancer patients accounted for the high total of 1,344 visits made by the nurses during May, according to the monthly report given by the Victoria supervisor, Miss Marjorie Baird. Cases totaled 234, including 79 medical and surgical, 17 expectant mothers, 82 mothers with new babies and 54 needing health instruction. Miss Baird expressed appreciation of the large supply of cod liver oil donated by the St. Matthew Baille Begbie Chapter of the I.O.D.E. Next meeting will be held Sept. 10.

For Overseas Wives

Overseas wives and their children will be honored Thursday afternoon when members of Victoria Municipal Chapter I.O.D.E. entertain at tea at the home of Mrs. W. W. McGill, 1170 Tattersall Drive. Those wishing to attend should phone Mrs. Robert Renfrew, E 0265, or Mrs. J. R. Campbell, E 0342.

Garden Party — Esquimalt Community Club garden party will be held on July 3 at the home of Reeve and Mrs. T. Hadfield, 354 Lampson Street at 2.50. General convener will be Mrs. J. Bryant, assisted by Mesdames E. Bonner, A. Corry, F. Allen, E. Mitchell, A. Gray, R. McVie, W. Petrie, L. P. Cockrell. Bingo will be arranged by R. McVie and H. Bonner. A program will be presented by pupils of Miss Florence Clough.

Primer for Brides—If planning to wear a veil over the face during the wedding ceremony, be sure the arrangement is simple. A short, flared veil may be held in place by a tiny hairpin on each side and removed by the maid of honor immediately before she hands the bride her bouquet. A longer face veil is thrown back at the same time.

GREENHOUSES
GOING CONCERN
Instructed by the owner who is retir-
ing from business, we are privileged to
offer one of the best greenhouse propo-
sitions to be found in British Columbia.
About five acres excellent land with southern
aspect, good soil and natural drainage.
There are seven greenhouses, all in
good condition, with an adequate hot
water heating plant. The stock in-
cludes thousands of cyclamen and
hydrangea plants, daffodils bulbs and
other flowers. Everything necessary
for running a prosperous business is
here and the owner has no difficulty
whatever in disposing of everything he
grows. The bungalow-type home of six
rooms is most attractive and has
city water and electric light, beautiful
hardwood floors, fireplace, cement
basement, furnace, etc. Other build-
ings include large chicken house, cot-
tage for help and garage. A large
plantation in the foreground at one of
the best paying propositions of its
kind in the Island and one with
wonderful possibilities of even further
development. Please call at office for
further particulars. No phone calls
please.

223,000
AUTO CAMPS
We are offering two really good auto
camps, each showing a steady income.
One is listed at \$20,000 and the other
\$12,000. Owing to other interests de-
velopment in the foreground, the
owner of the \$12,000 camp must sell
immediately and consider any fair
offer. Further information at office.

Worked Against Nazis, Von Papen Tells War Court

NUERNBERG, Germany (AP) — Franz von Papen told the International Military Tribunal today that one of his aides was slain by the German secret police after the aide had helped him assemble records in Austria for export to sanctuary in Switzerland.

The German diplomat said the murder was done in February, 1938, when Von Papen was Ambassador to Austria. He said the aide's body was found three weeks afterwards in the Danube.

Von Papen said he was so concerned over Hitler's aggressive intentions toward Austria that he violated a rule of diplomacy by shipping his records to Switzerland to show he was not a party to the Nazi plot.

Lawyers for the former Chancellor and Ambassador presented to the tribunal documents which they said linked him to peace feelers extended in vain to the United States by way of Turkey in April, 1944.

The documents, contended that Von Papen, a German diplomat for three decades, worked with George H. Earle, former governor of Pennsylvania and later assistant United States naval and air attaché in Turkey, for a negotiated peace with the United States and other Allied powers.

Another statement offered in evidence said the plotters against Hitler in July, 1944, attempt on his life had planned to ask Von Papen to open peace talks with the Allies if the plot succeeded.

**14 Identified
As Storm Victims**
WINDSOR (CP) — The list of identified dead in the tornado includes:

Waldo Beaman, Ojibway, Ont. Mrs. Joseph Fields, Little River, Ont.

Mrs. Joan Beaman, 19, Ojibway, and her stillborn daughter delivered by Caesarian operation.

Mr. and Mrs. Archie MacDougall of Ojibway, 75 and 70, respectively.

Mrs. Nelson Jones, 42, of Ojibway and her son, Harold, 14, and daughter, Frances, eight.

D. Waychuk of Tecumseh, Ont. Ulysses Soulliere, 28, and his son, Wallace, three, Sandwich West.

Donna Marie Fox, two, daughter of Mr. and Mrs. Raymond Fox, Ojibway.

William Journeau, 40, of Cent.

\$11,696 Raised In Church Appeal

The sum of \$11,696 has been contributed here to the Anglican Advance Appeal to date. Seventy-five members of St. Mary's Church, Oak Bay, who are participating in the appeal, learned at a meeting recently.

Archdeacon A. E. de L. Nunns, rector, addressed the congregation and thanked them for the help they had given. Sir Henry Drayton and A. Lowe also spoke.

Contributing to the musical program were: Mrs. O. L. Jull, Rev. F. A. Springborn, J. O'Connor and Dudley Wickett. Refreshments were served by members of the Women's Parish Guild and the W.A.

'Venture' Deckhand Dies On Board Ship

B.C. Police here received word today of the death of Alphonse Ratti, 63 years, a deckhand who succumbed while on the Union Steamship Venture traveling up coast from Vancouver Monday night.

The body was landed at Campbell River where an investigation of the death, believed to be from natural causes, was being held today.

Next of kin of the dead man was Mrs. A. Ratti, his wife, 2791 Cambridge Street, Vancouver.

Officer Honored For Services Here

OTTAWA (CP) — In recognition of services to the United States during the war, Air Vice-Marshal C. R. Slemmon, 42, C.B., C.B.E., of Ottawa, and Group Capt. V. H. Patriarche, 39, O.B.E., A.F.C., E.D., of Winnipeg were invested with the U.S. Legion of Merit by Ray Atherton, U.S. Ambassador to Canada, in a short ceremony at the U.S. Embassy Monday.

The award to Air Vice-Marshal Slemmon, now Air Member for Supply and Organization here, was made for "exceptionally meritorious service" with the Western Air Command in 1941 at Victoria.

Group Capt. Patriarche, now at air force headquarters here, received his award for close cooperation with U.S. air forces while chief staff officer of the Northwest Air Command in Edmonton.

Appreciation for the gift of a 500-gallon A.R.P. trailer pump from the Victoria City Council was expressed by H. A. Munson, manager of Rest Haven Hospital and Sanitarium at Sidney, in a letter received by M. F. Hunter, city clerk, today.

Town Topics

The tag day held Saturday by the Canadian Pensioners' Association yielded \$450.

City Council has been advised by War Assets Corporation that 10 army huts at Church Hill, Metchosin, have been declared surplus and are up for sale.

J. W. Oosterink, city building inspector, stated Monday that Macaulay Camp, where some 2,000 striking lumber workers were housed Friday night after a mass lobby at the Parliament Buildings, was left "nice and clean, with no damage whatsoever."

Money by-laws which will go before the public were discussed at a meeting of the public works committee in City Hall today, according to Ald. Dr. J. D. Hunter, chairman. The street lighting, sewer, willows and waterworks by-laws were discussed.

It is hoped to have a new salary schedule for teachers of the Greater Victoria area set by January, 1947, J. F. K. English, municipal inspector of schools, said today. "That would be the earliest date at which provision could be made for a new schedule," he said. The height of the salary scale would not change but there would be a gradual process of increasing the salaries of the lower-paid teachers, through a new scale, he said.

Harvey A. Jones, director of technical education, Victoria, has been appointed a B.C. representative through which all negotiations for obtaining surplus materials from War Assets Corporation will be channeled. Provincial departments of education across Canada and each university and college have appointed representatives to facilitate liaison between War Assets and educational bodies in the province. Dr. G. M. Shrum, University of British Columbia, Vancouver, was also appointed.

Baby Contest, Parade For Ladysmith Gala

LADYSMITH — A gay parade with decorated floats, a full sports program, baby contest and dance are included in the arrangements now being made here for the Ladysmith Lions Club gala Dominion Day celebration.

Pat English is general chairman of committees. Following are the committees:

Parade: Lions F. L. Kitto and Ray Smith.

Loggers' Sports: Lions Jas Robertson and Dave Miles.

Track and Field: Lion John Gourlay.

Softball Tournament: Don McKay.

Dance: Lion Dennis Corfield.

Concessions: Lion Harold Cliffe.

Baby Contest: Lion T. Bertram.

A full program of sports has been drafted to include loggers' sports, softball tournament, carnival, kiddies' sports, and will end up with a gala dance at which a grand drawing will be held.

Langford Holds Quiz

LANGFORD — A quiz contest and concert was held at the Langford School auditorium, when junior and senior pupils from Metchosin, Sooke, Happy Valley, Colwood and Langford Schools participated. Proceeds went to the Langford P.T.A.

Questions were asked by W. E. Lawrence.

Senior winners were Barry Lucas, Happy Valley School; Lynn Hudson, Sooke, and Bob Smith, Colwood.

Junior winners were Duncan Sim, Langford; Harry Moore, Happy Valley, and Sylvia Lamb, Langford. All received cash awards.

Contributing to the entertainment program were Donald Silman, Judy Rands, Tom Howard, Blaine Shields and Ted Bayles.

To Approve Home Purchases On Veterans' Credits

Where re-establishment credit is to be used for purchase of a home the agreement to purchase must in future have the wording "subject to approval of D.V.A.," according to an announcement today from J. G. McKay, assistant district administrator of the Department of Veterans' Affairs.

"We will then require," he said, "proof of vendor's tenancy or a guarantee by the vendor for purchaser's possession by a certain date, and that failing possession a refund will be made to the purchaser of all monies paid in."

Mr. McKay said the requirement of approval of purchases by D.V.A. was being instituted because veterans using re-establishment credit to purchase homes had in many instances been unable to obtain possession. This had been due to the vendor having the premises rented or being unwilling to give up possession until suitable accommodation elsewhere had been found.

Ducks Ill-Treated In Park, Says S.P.C.A.

Employment of a guard or patrolman for Beacon Hill Park was urged by James Barr, president of the Victoria Branch of the S.P.C.A. in a letter to the City Council, today.

Mr. Barr stated that the S.P.C.A. had received a number of complaints concerning the ill-treatment of ducks and other birds at Beacon Hill.

"It has been reported that ducklings have been killed by boys stoning them and also by dogs roaming the park at large," he wrote. "It is apparent that additional supervision of the park is a necessity, not only to protect the birds but to maintain order in the interest of the general public as well."

Mr. Barr stated that the S.P.C.A. had received a number of complaints concerning the ill-treatment of ducks and other birds at Beacon Hill.

"It has been reported that ducklings have been killed by boys stoning them and also by dogs roaming the park at large," he wrote. "It is apparent that additional supervision of the park is a necessity, not only to protect the birds but to maintain order in the interest of the general public as well."

Capt. Larry Thomson, veteran of the B.C. Pilotage Authority, was awarded the M.B.E. in the King's Birthday Honor List, according to word received from the Department of Transport.

Capt. Thomson, who lives at 1856 Lullie Street, has been a pilot for over 20 years and has handled hundreds of ships of all sizes and types between here and mainland ports. One of his big jobs during the war was to take H.M.S. Implacable, Britain's biggest aircraft carrier, from Race Rocks, through the First Narrows at Vancouver and tie her up.

Capt. Dan Clinton of Vancouver was the other British Columbia pilot to be honored with the M.B.E.

Does fuel
BURN a hole
in your pocket?

WHY sure, fuel is bound to cost you something, but there's no need for it to cost you so much! Here's why: TEN/TEST saves up to 1/3 in fuel cost when used to insulate your home... walls and roof. And the reason is...

BECAUSE TEN/TEST is rigid insulating board... most efficient, economical and long-lasting of all insulating materials. Another plus! With TEN/TEST Insulation, you build lifetime durability as well... and year-round comfort!

BIG SAVING of labor is yours, too, when you use TEN/TEST. Its large, light panels are easy to handle... quick to install. So it all adds up to this: TEN/TEST is the answer to all your insulating-building needs.

YOU may find a temporary shortage of TEN/TEST Insulating Products, but it won't be for long... so, as the best costs so more, why be satisfied with less? Write for information and free samples: International Fibre Board, Limited, Gatineau, Que., Dept. 25.

TEN-TEST
TIME-TESTED INSULATING PRODUCTS
TEN/TEST is a registered trade mark and signifies a diversified group of products of International Fibre Board Limited.

NOTICE

Claims For Unemployment Insurance Benefit

To clarify the rights of insured persons who have lost employment as the result of a labour dispute, the operation of Section 43 (a) of the Unemployment Insurance Act is hereby explained:

DISQUALIFICATION: An insured person shall be disqualified for receiving benefit if he has lost his employment by reason of a stoppage of work which was due to a labor dispute at his place of employment.

RELIEF FROM DISQUALIFICATION: To obtain relief from this disqualification each claimant must prove not only one but all of the following:

1. That he is not personally taking part in the labour dispute
2. That he is not financing the dispute.
3. That he is not directly interested in the dispute, or the outcome.
4. That NOT ANY member of his grade or class of workers who were employed at his place of employment were or are taking part in, financing, or directly interested in the dispute or its outcome.

NOTE: Proof of each and every one of the above requirements is necessary in order to obtain relief from disqualification.

THIS APPLIES TO ALL PERSONS CONCERNED WHETHER THEY ARE MEMBERS OF A UNION OR NOT.

ONCE IT IS ESTABLISHED THAT THERE IS A LABOUR DISPUTE IT IS IMMATERIAL WHETHER THE STOPPAGE OF WORK WAS BROUGHT ABOUT BY A STRIKE OR BY A LOCKOUT.

UNEMPLOYMENT INSURANCE COMMISSION

MUTUAL BENEFIT Leads Again!

Never before in the history of sickness and accident insurance has any company issued such a generous policy giving the insured such complete coverage at low cost as

The NEW MUTUAL BENEFIT Prepaid Medical and Surgical Expense Plan

FOR INDIVIDUALS This policy covers your medical and surgical expenses in excess of \$10.00 up to \$500.00 for any one sickness or accident.

FOR FAMILY GROUPS

IMPORTANT FEATURES OF THE PLAN

- 1 Not restricted as to the number of calls per week or the amount that will be paid per call.
- 2 Not limited to a schedule of benefits or amount that will be paid for any specified illness or operation.
- 3 Benefits paid whether or not the insured is disabled.
- 4 No restrictions in medical treatment or prescribing.
- 5 Benefits are paid to you and you pay the doctor, unless you specify otherwise.
- 6 No distinction made as to whether treatment is given at home, doctor's office or in a hospital.
- 7 You choose and call your own doctor. The important doctor-patient relationship is respected at all times.
- 8 Issued by the largest exclusive health and accident company in the world... backed by millions of dollars in assets.
- 9 Good anywhere in Canada, Newfoundland, the United States, Alaska or Hawaii.

Eastern Financiers
Seek Data On B.C.

Interest that financial men and industrialists are taking in British Columbia is "amazing," according to the firm of McDermid, Miller & McDermid Ltd., of Vancouver, who deal in government, municipal and corporation bonds, and who wrote M. F. Hunter, city clerk, asking for publicity information on Victoria.

"We are constantly having

people call on us, from the east, and ask us about this and that municipality or city and it would be nice to have in our files, something besides figures to show them."

The letter stated that financial men from the east are anticipated here in considerable numbers this summer.

"People who are daily investing, and while it is true you may or may not be contemplating a bond issue, it is amazing the interest that these men are taking in B.C.," the letter continued.
